SKETCH PLAN: Please include a sketch of your property, drawn to scale, showing both the existing and proposed development.

Please include property lines, streets, setbacks with distances, surface waters, all dimensions of structures, driveways, sidewalks, distance of structures from property lines (setbacks), etc. Fill in the scale below.

For signs, please indicate locations and sizes of any existing and proposed on the property; show length of building front along street. For a freestanding sign, show the location relative to the building, property lines and street.

					 					1"				FEI	T	

Note: A sketch will not be required if the project consists ONLY of interior renovations as they will be required for the building application.
